As required by Board Rule 13.3(1)(g), copies of the mailed notice letter, the corridor map, and the published notices of the informational meeting are attached to this affidavit as Attachments G-1 and G-2.

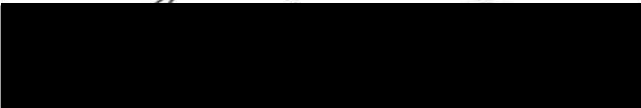

The information provided in this Affidavit is true and correct to the best of my knowledge.

Jake Ketzner

Signed and sworn to before me this 20th day of January, 2022

(seal)

Notary Public for the State of Iowa

My commission expires: 4/10/2023

August 11, 2021

John Smith
123 Main Street
Ames, IA 51101

Dear Landowner:

This letter is to notify you that Summit Carbon Solutions is proposing to build a new carbon capture and storage project in Story County, Iowa. The proposed project, Midwest Carbon Express, will capture carbon dioxide (CO₂) emissions that otherwise would be emitted into the atmosphere from ethanol plants, including Lincolnway Energy LLC in Nevada, compress the captured emissions, and transport it through a pipeline to North Dakota where it will be permanently and safely stored underground in deep geologic storage locations. In addition to Story County, the proposed project will be located in 29 other Iowa counties plus communities in Minnesota, Nebraska, South Dakota and North Dakota and will be capable of capturing and safely storing up to 12 million tons of CO₂ emissions every year.

A public informational meeting regarding Summit Carbon Solutions' proposed carbon capture and storage project will be held by the Iowa Utilities Board. At the meeting, additional details of the proposed project and information regarding the legal rights of affected landowners will be presented. Time will also be given to address questions from attendees. The meeting is expected to last approximately one hour. Specific details of the public informational meeting are as follows:

- When: September 13, 2021 at 5:00 pm
- Where: Gateway Hotel and Convention Center at 2100 Green Hills Drive, Ames, IA 50014
- Light refreshments will be provided

Your receipt of this letter indicates that right of way on or near property in which you have a legal interest could potentially be affected by the construction of the project. Summit Carbon Solutions will be seeking permanent easements for its pipeline on or near your property, as well as easements for temporary construction workspace, as well as access easements. Enclosed is a map showing the proposed route and the notification corridor in which potentially affected properties are located. The final alignment of the pipeline within the identified corridor will be selected after negotiations with landowners are complete. Please join the informational meeting for additional details regarding the purpose, timing and routing of the proposed project. You have the right to be present at this informational meeting and to file objections with the Iowa Utilities Board if you so choose. Under Iowa law, Summit Carbon Solutions cannot negotiate with landowners in Story County before the public informational meeting on September 13, 2021.

If you are unable to attend this informational meeting, you may also attend one of the other meetings scheduled to take place in September and October. A full list of meetings is provided in this letter as well. Persons with disabilities requiring assistive services or devices to observe or participate should contact the Iowa Utilities Board at (515) 725-7300 in advance of the scheduled date to request that appropriate arrangements be made. Additionally, the Iowa Utilities Board will host a virtual meeting allowing individuals to attend and participate remotely. The virtual meeting will take place at 5:30 pm on October 12, 2021. Information for registering and attending the webinar will be available on the Iowa Utilities Board website, iub.iowa.gov, on the Hearing and Meeting Calendar webpage. If you would like to learn more about Summit Carbon Solutions' proposed carbon capture and storage project, please visit our website at www.SummitCarbonSolutions.com or email us at InfoIA@summitcarbon.com. Even if you cannot attend one of the informational meetings or are unable to contact us through our website, a member of our land team will be in contact with you over the coming months to explain the project and the upcoming steps in the development process.

Finally, if you have any tenants or other persons in possession on your property, please share this information with them. If you would let us know about any tenants and their contact information as well, we would appreciate your assistance.

Thank you for your time and we look forward to speaking with you.

Sincerely,

Jimmy Powell
Chief Operating Officer
Summit Carbon Solutions
Principle Place of Business:
1805 Collaboration Place Suite 1200

Statement of Damage Claims

**SUMMIT CARBON SOLUTIONS
POLICY STATEMENT CONCERNING SETTLEMENT OF DAMAGE CLAIMS**

During construction of a carbon dioxide (CO₂) pipeline, damage is sometimes caused to a landowner's and/or tenant's property. If Summit Carbon Solutions causes physical damage to property, the landowner and/or tenant, as their respective interests appear, (Landowner/Tenant) will be compensated by Summit Carbon Solutions in the following manner. The following damage payments would be in addition to and separate from any payments made to the landowners for temporary and permanent easements. Payments for any temporary or permanent easements will be made to the landowners prior to any construction activities.

I. Crop Loss Due to Pipeline Construction

- A) If a crop has been planted prior to construction of the CO₂ pipeline or if a crop normally would have been planted before the finish of construction, Summit Carbon Solutions will pay the following percentages of the crop lost to production (the following compensation table will be based upon the prevailing market price index by crop type or in accordance with any prearranged purchase agreements and based upon the three-year annual average of the crop yield as documented by the landowner or by the records from the local agricultural agency):

Full disturbed area, including permanent and temporary easements as well as additional temporary workspace and other areas as agreed to between the company and the landowner:

First Year: 100% of crop loss

Second Year: 80% of crop loss

Third Year: 60% of crop loss

II. Damages Due to Compaction, Ruts, and/or Erosion

- A) Summit Carbon Solutions and/or the construction contractor will repair damage incurred due to compaction, ruts, washing of soil, and/or erosion caused by pipeline construction. Alternatively, Landowner may request to use their own contractor and Summit Carbon Solutions and/or the construction contractor will, based on an estimate from that contractor, provide payment for such repairs if the estimate is determined to be reasonable. Payment will be made by Summit Carbon Solutions and/or the construction contractor within 30 days upon presentation of a statement or invoice of services, repairs, or claims.

B) Summit Carbon Solutions and/or the construction contractor will pay for the reasonable cost of repairs to the Landowner's/Tenant's equipment where in repairing compaction, ruts, washing of soil, and/or any resultant damage to equipment that was caused by materials or debris left on the right of way during construction.

III. Other Damages

Summit Carbon Solutions and/or the construction contractor will repair or pay for all damages to pastures, timber, fences, improvements, livestock, terraces, field tiles, and equipment caused by Summit Carbon Solutions and/or the construction contractor's entry, use or occupation of lands, both on and off an easement area, due to the CO2 pipeline construction. Alternatively, Landowner may request to use their own contractor and Summit Carbon Solutions and/or the construction contractor will, based on an estimate from that contractor, provide payment for such repairs if the estimate is determined to be reasonable. Certain livestock related losses are also compensable losses, as determined by Iowa Code 479B.29, and will be paid by Summit Carbon Solutions and/or the construction contractor within 30 days of presentation of a statement or invoice of any loss of livestock resulting from the construction of the proposed pipeline.

IV. Manner of Damage Payments

Payment of crop damages to the Landowner/Tenant will be made by Summit Carbon Solutions and/or the construction contractor in one lump sum payment and not as an annual payment and will be payable within 30 days following completion of pipeline construction. Prepayments of predetermined damages may be made based upon landowner agreements and/or preferences during the easement negotiations. In such cases, any future payments will only be for unanticipated damages outside the predetermined amount and as agreed upon between the company and landowner.

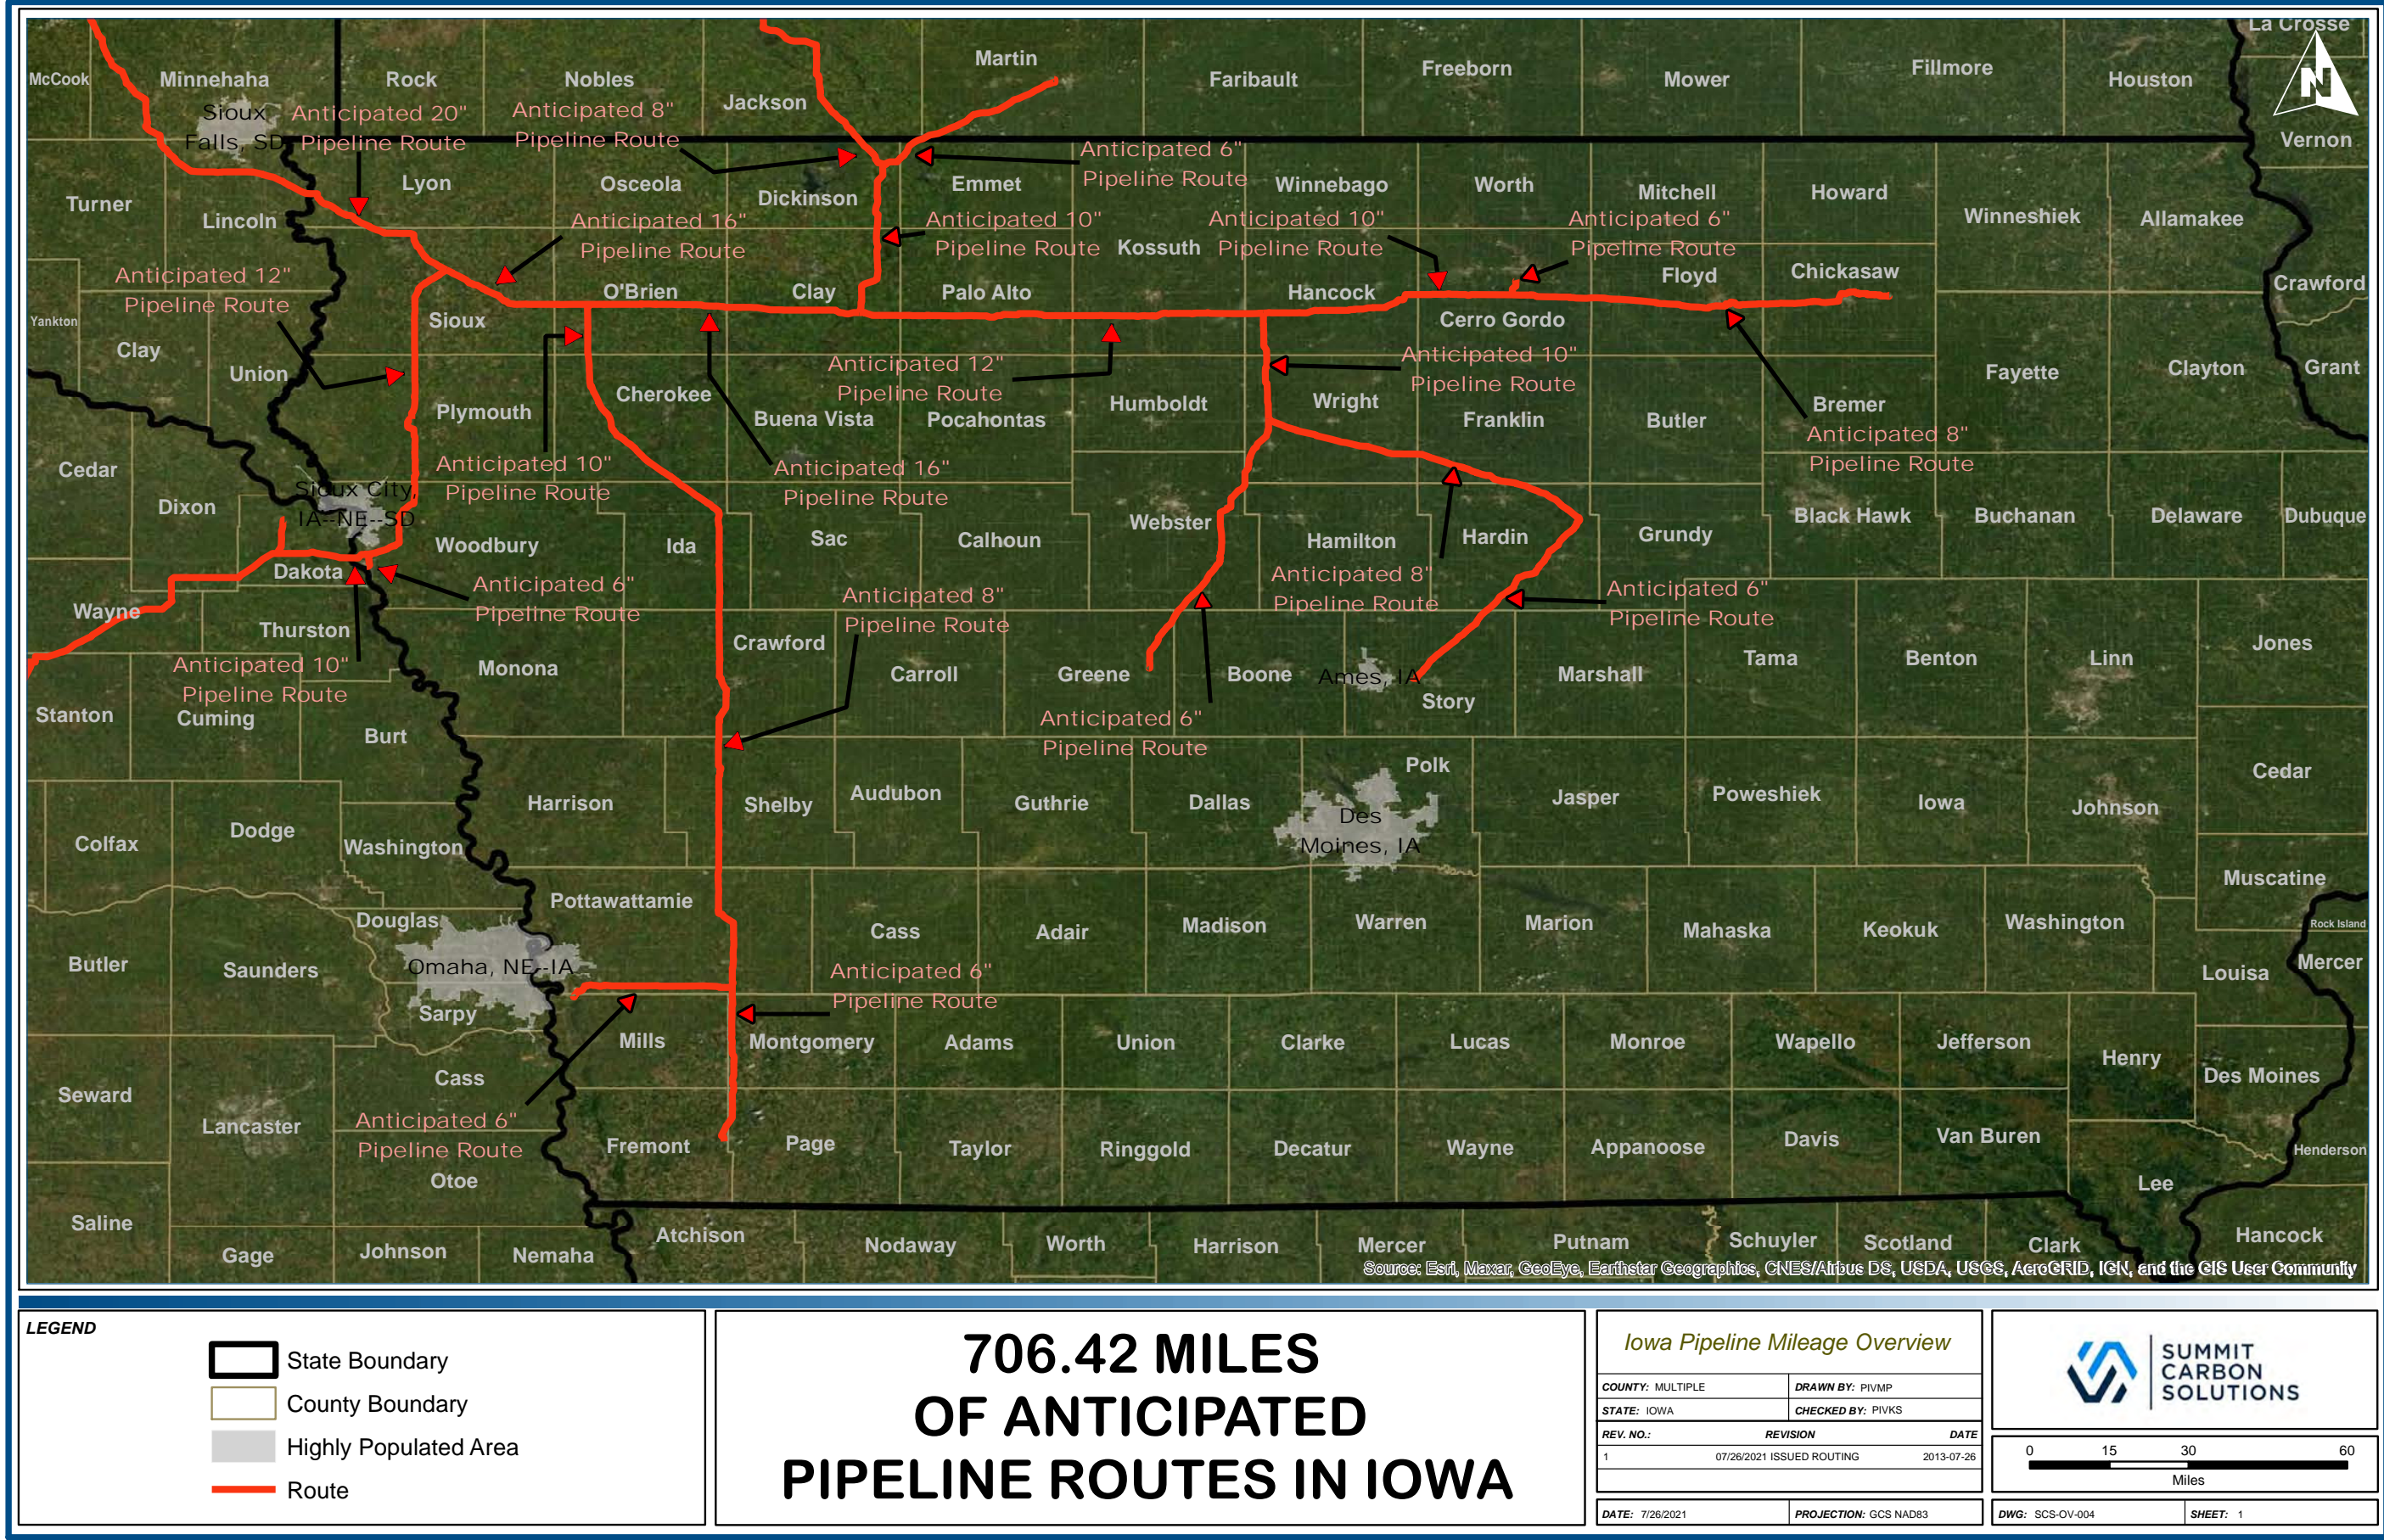

V. Dispute Resolution Procedure

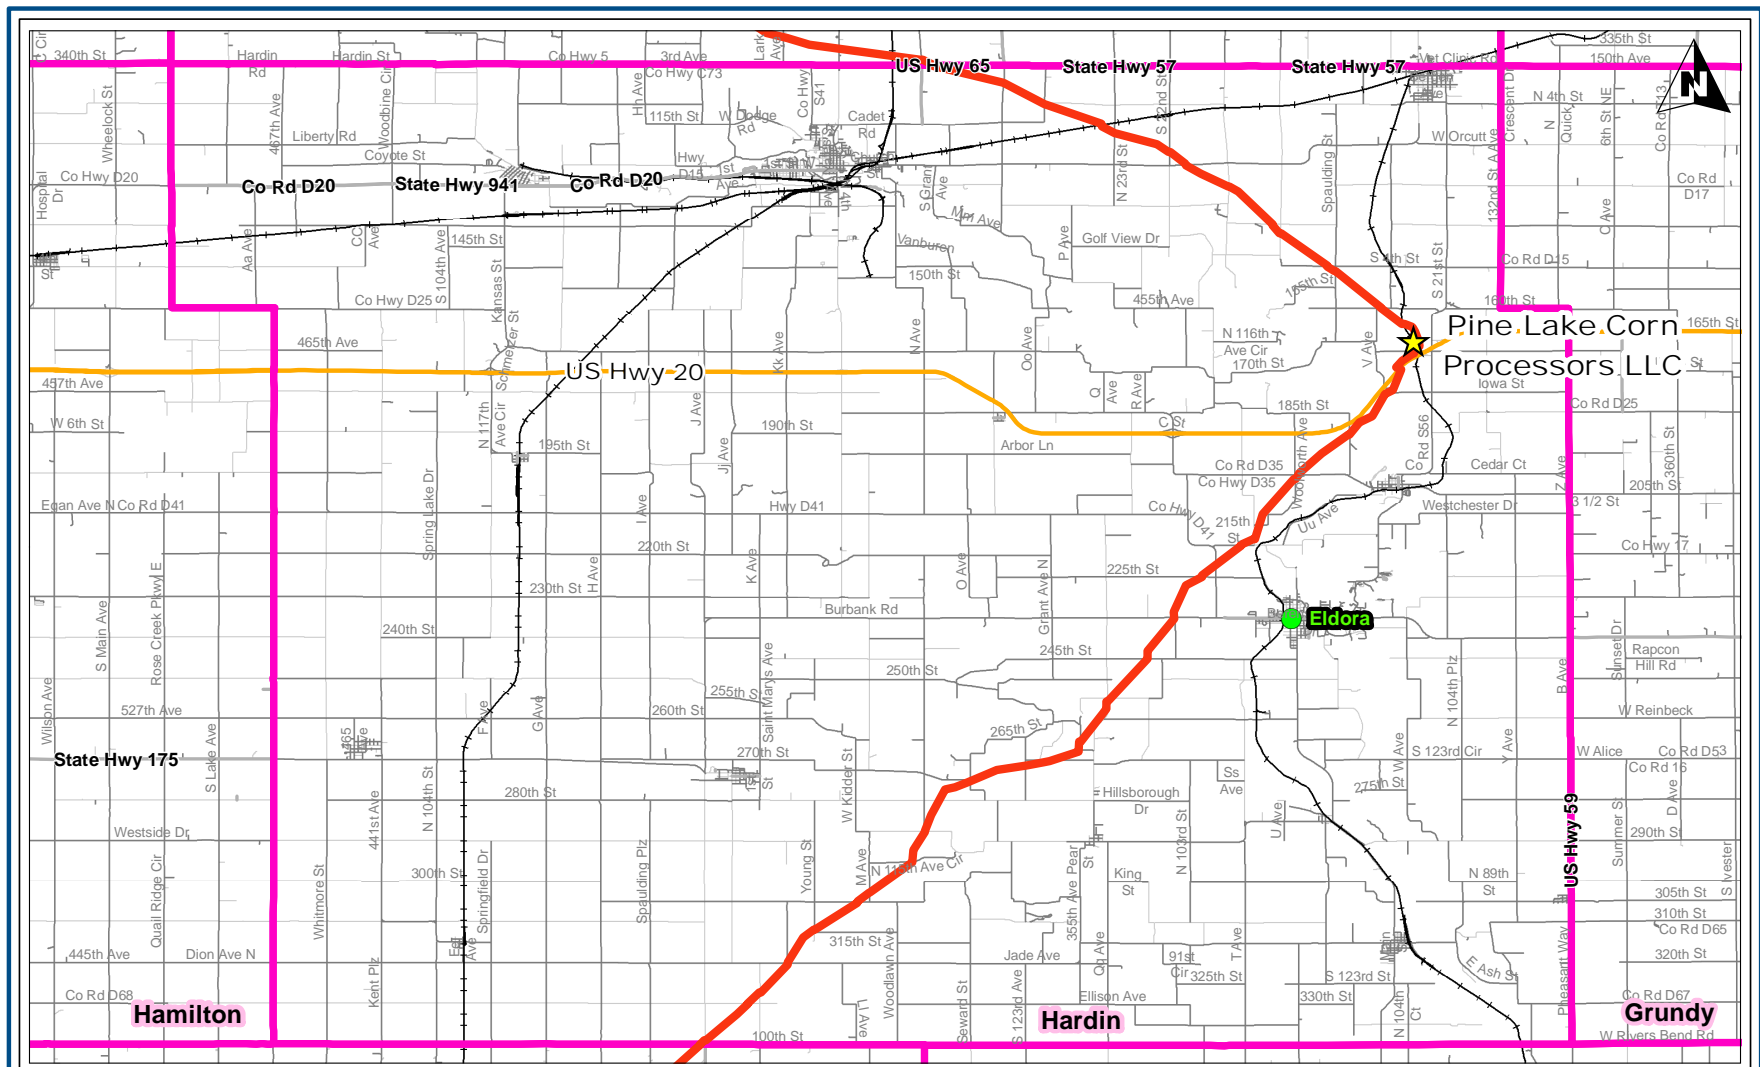

If the parties cannot agree on a settlement and no other means of resolving disputes has been agreed to, the landowner or tenant may petition the county board of supervisors to have the damages determined by a Compensation Commission (Iowa Code Chapter 6B and Iowa Code section 479B.30). The petition must be filed not less than 90 days after completion of installation of the pipeline. This Compensation Commission would be similar to, but acting separately from, a commission established for condemnation proceedings under Iowa Code Chapter 6B.

(This policy statement is filed with the Iowa Utilities Board pursuant to Iowa Administrative Code 199-Chapter 13.2(3)).

October 14, 2021

Dear Page County Landowner:

Several weeks ago, you received a certified letter from Summit Carbon Solutions about the company's proposal to build a new carbon capture and storage project. That project, Midwest Carbon Express, will capture carbon dioxide (CO₂) emissions from biorefineries including the Green Plains ethanol plant in Shenandoah, compress the captured emissions, and transport them through a pipeline to North Dakota where they will be permanently and safely stored underground in deep geologic storage locations.

In the packet you previously received from Summit Carbon Solutions, we provided notice of a public meeting on October 14th. That meeting was held as originally planned. However, one of the local newspapers inadvertently did not run the proper notice of the meeting. Because we want to make sure everyone has an opportunity to participate, we have scheduled another meeting in Page County for October 22nd. At the meeting, additional details of the proposed project and information regarding the legal rights of affected landowners will be presented. Time will also be given to address questions from attendees. Specific details of the public informational meeting are as follows:

- When: Friday October 22, 2021 at 12:00 pm
- Where: Shenandoah Public Library, 201 South Elm Street, Shenandoah, IA 51601

Please join the informational meeting for additional details regarding the proposed project. You have the right to be present at this informational meeting and to file objections with the Iowa Utilities Board if you so choose. Persons with disabilities requiring assistive services or devices to observe or participate should contact the Iowa Utilities Board at (515) 725-7300 in advance of the scheduled date to request that appropriate arrangements be made. Even if you cannot attend one of the informational meetings, a member of our land team will be in contact with you over the coming months to explain the project and the upcoming steps in the development process. Finally, you also may have received a Landowner Information Form and request for voluntary survey permission. We would appreciate your return of that information so we can notify any other persons as appropriate and so we may conduct surveys that will help determine the final route.

Additional information about the Midwest Carbon Express project can be found at the following website www.SummitCarbonSolutions.com/Iowa-Landowners.

Thank you for your time, and we look forward to speaking with you.

Sincerely,

Jimmy Powell
Chief Operating Officer
Summit Carbon Solutions
1805 Collaboration Place Suite 1200
Ames, IA 50010

PUBLIC NOTICE **Notice of Public Informational Meeting**

NOTICE OF PUBLIC INFORMATIONAL MEETING

This is to notify you that Current Carbon Solutions, with a principal place of business at 1835 Collingwood Plaza Suite 1000, Ames, IA 50010, is preparing to build a new carbon capture and storage project in Hardin County, Iowa. The proposed project, known as Carbon Express, will capture carbon dioxide (CO2) emissions that otherwise would be emitted into the atmosphere from oilfield plants including the Lake Corn Processing LLC in Garrettsville, Missouri. The captured emissions will be transported through a pipeline to North Dakota where it will be permanently and safely stored underground in deep geologic storage locations. In addition to Hardin County, the proposed project will be located in 18 other Iowa counties plus communities in Minnesota, Nebraska, South Dakota and North Dakota and will be capable of capturing and safely storing up to 1.2 million tons of CO2 emissions every year.

A public informational meeting regarding Current Carbon Solutions' proposed carbon capture and storage project will be held by the Iowa Utilities Board. At this meeting, additional details of the proposed project and information regarding the legal rights of affected landowners will be presented. There will also be time to address questions from attendees. Details of the public informational meeting are as follows:

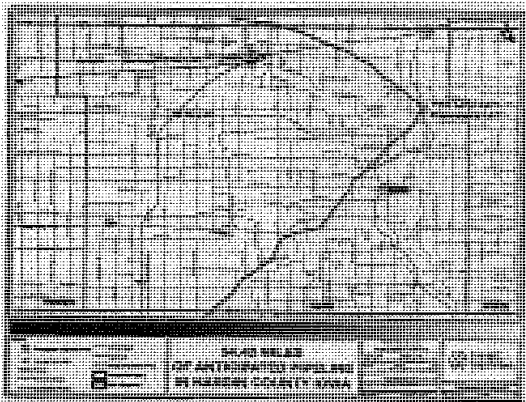

When: September 14, 2021 at 10:00 am

Where: Timber Lake Hotel, 100 Hwy 169 in Garrettsville, MO 64632

Current Carbon Solutions will be seeking participant comments for its project, as well as arrange

ments for temporary construction activities and access easements. Below is a map showing the proposed route in which potentially affected properties are located. The final alignment of the pipeline will be selected after negotiations with landowners are complete. Please join the informational meeting for additional details regarding the project, timing and routing of the proposed project. You have the right to be present at this informational meeting and to file objections with the Iowa Utilities Board if you so choose. Under Iowa law, Current Carbon Solutions cannot negotiate with landowners before the public informational meeting.

If you are unable to attend the informational meeting, you may also attend one of the other meetings scheduled to take place in Garrettsville and Collier. A list of meetings can be found online at www.CurrentCarbonSolutions.com. Persons with disabilities requiring accessible facilities in relation to attendance at meetings should contact the Iowa Utilities Board at (515) 725.7700 in advance of the scheduled date to request that appropriate arrangements be made. Additionally, the Iowa Utilities Board will host a virtual meeting allowing individuals to attend and participate remotely. This virtual meeting will take place at 10:00 am on October 12, 2021. Information for registering and attending the webinar will be available on the Iowa Utilities Board website, iub.gov, on the meeting and meeting disclaimer webpage. If you would like to learn more about Current Carbon Solutions' proposed carbon capture and storage project, please visit our website at www.CurrentCarbonSolutions.com or contact us at info@currentcarbon.com.

NOTICE OF PUBLIC
INFORMATIONAL MEETING**

This is to notify you that Summit Carbon Solutions with a principal place of business of 1805 Collaboration Place Suite 1200, Ames, IA 50010, is proposing to build a new carbon capture and storage project in Story County, Iowa. The proposed project, Midwest Carbon Express, will capture carbon dioxide (CO₂) emissions that otherwise would be emitted into the atmosphere from ethanol plants including Lincolnway Energy LLC in Nevada, compress the captured emissions, and transport it through a pipeline to North Dakota where it will be permanently and safely stored underground in deep geologic storage locations. In addition to Story County, the proposed project will be located in 29 other Iowa counties plus communities in Minnesota, Nebraska, South Dakota and North Dakota and will be capable of capturing and safely storing up to 12 million tons of CO₂ emissions every year.

A public informational meeting regarding Summit Carbon Solutions' proposed carbon capture and storage project will be held by the Iowa Utilities Board. At the meeting, additional details of the proposed project and information regarding the legal rights of affected landowners will be presented. Time will also be given to address questions from attendees. Details of the public informational meeting are as follows:

- When: September 13, 2021 at 6:00 pm
- Where: Gateway Hotel and Convention Center at 2100 Green Hills Drive, Ames, IA 50014

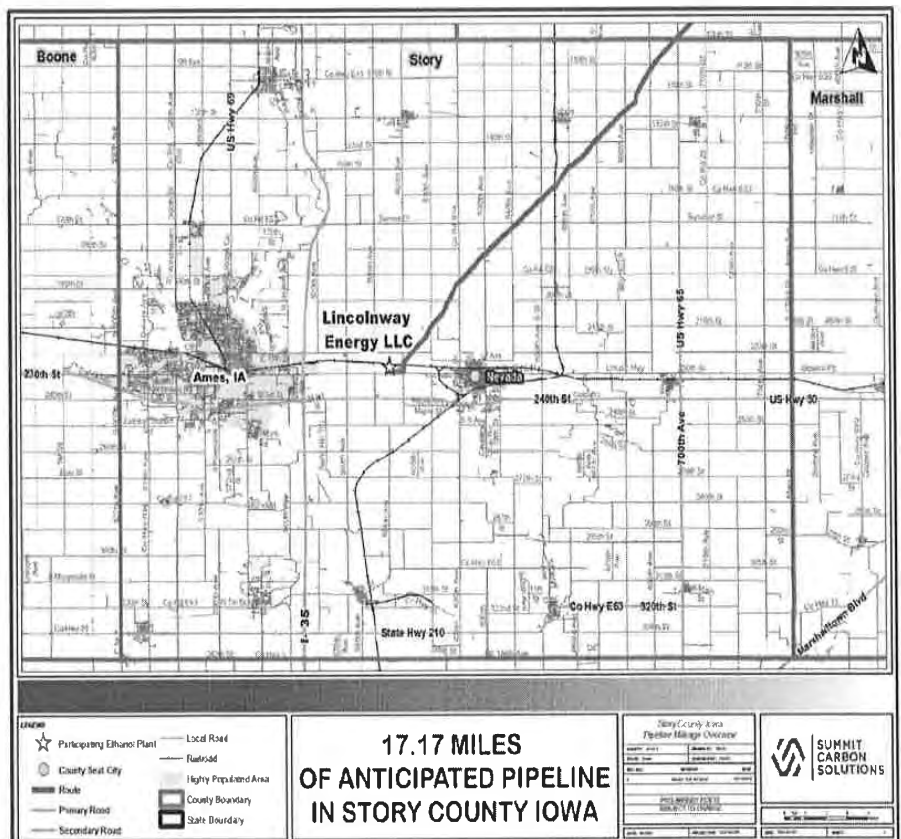

Summit Carbon Solutions will be seeking permanent easements for its pipeline, as well as easements for temporary construction workspace and access easements. Below is a map showing the proposed route in which potentially affected properties are located.

The final alignment of the pipeline will be selected after negotiations with landowners are complete. Please join the informational meeting for additional details regarding the purpose, timing and routing of the proposed project. You have the right to be present at this informational meeting and to file objections with the Iowa Utilities Board if you so choose. Under Iowa law, Summit Carbon Solutions cannot negotiate with landowners before the public informational meeting.

If you are unable to attend this informational meeting, you may also attend one of the other meetings scheduled to take place in September and October. A full list of meetings can be found online at www.SummitCarbonSolutions.com. Persons with disabilities requiring assistive services or devices to observe or participate should contact

the Iowa Utilities Board at (515) 725-7300 in advance of the scheduled date to request that appropriate arrangements be made. Additionally, the Iowa Utilities Board will host a virtual meeting allowing individuals to attend and participate remotely. The virtual meeting will take place at 5:30 pm on October 12, 2021. Information for registering and attending the webinar will be available on the Iowa Utilities Board website, iub.iowa.gov, on the Hearing and Meeting Calendar webpage. If you would like to learn more about Summit Carbon Solutions' proposed carbon capture and storage project, please visit our website at www.SummitCarbonSolutions.com or email us at InfoIA@summit-carbon.com.

NOTICE OF PUBLIC
INFORMATIONAL MEETING

This is to notify you that Summit Carbon Solutions with a principal place of business at 1805 Collaboration Place Suite 1200, Ames, IA 50010, is proposing to build a new carbon capture and storage project in Floyd County, Iowa. The proposed project, Midwest Carbon Express, will capture carbon dioxide (CO₂) emissions that otherwise would be emitted into the atmosphere from ethanol plants, compress the captured emissions, and transport it through a pipeline to North Dakota where it will be permanently and safely stored underground in deep geologic storage locations. In addition to Floyd County, the proposed project will be located in 29 other Iowa counties plus communities in Minnesota, Nebraska, South Dakota and North Dakota and will be capable of capturing and

safely storing up to 12 million tons of CO₂ emissions every year.

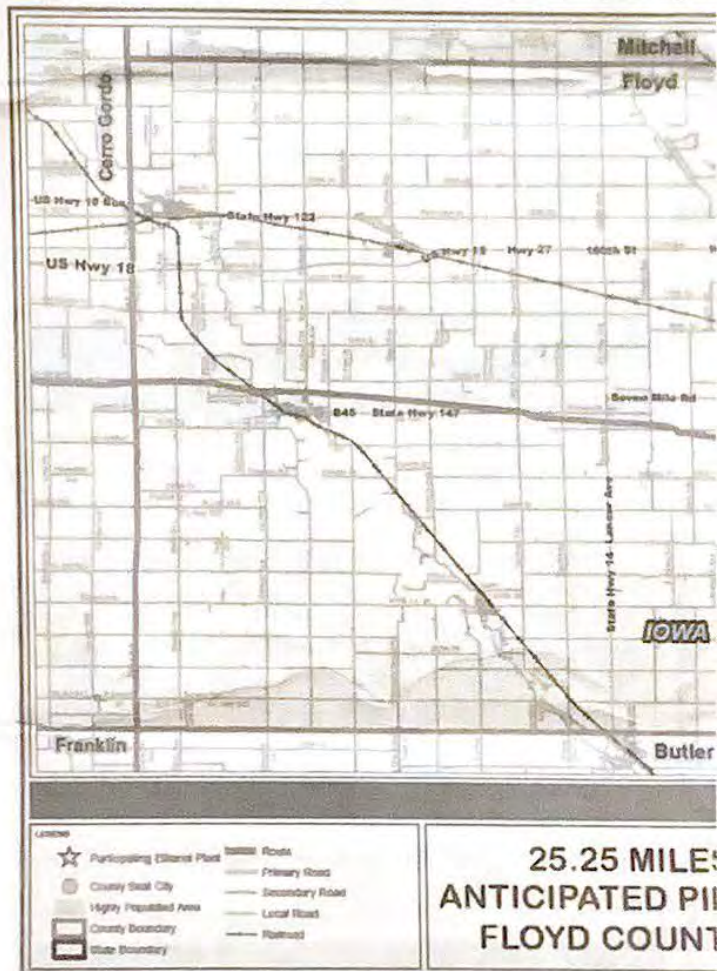

A public informational meeting regarding Summit Carbon Solutions' proposed carbon capture and storage project will be held by the Iowa Utilities Board. At the meeting, additional details of the proposed project and information regarding the legal rights of affected landowners will be presented. Time will also be given to address questions from attendees. Details of the public informational meeting are as follows:

When: September 20, 2021 at 6:00 pm

Where: Floyd Community Center, 706 Fairfield Street in Floyd, IA 50435

Summit Carbon Solutions will be seeking permanent easements for its pipeline, as well as easements for temporary construction workspace and access easements. Below is a map showing the

proposed project alignment after the public meeting. The project will be presented and to the public. If you have any questions, please contact the project manager at (641) 228-3211.

NOTICE OF PUBLIC INFORMATIONAL MEETING

This is to notify you that Summit Carbon Solutions with a principal place of business of 1805 Collaboration Place Suite 1200, Ames, IA 50010, is proposing to build a new carbon capture and storage project in Cherokee County, Iowa. The proposed project, Midwest Carbon Express, will capture carbon dioxide (CO2) emissions that otherwise would be emitted into the atmosphere from ethanol plants including Little Sioux Corn Processors in Marcus, compress the captured emissions, and transport it through a pipeline to North Dakota where it will be permanently and safely stored underground in deep geologic storage locations. In addition to Cherokee County, the proposed project will be located in 29 other Iowa counties plus communities in Minnesota, Nebraska, South Dakota and North Dakota and will be capable of capturing and safely storing up to 12 million tons of CO2 emissions every year.

A public informational meeting regarding Summit Carbon Solutions' proposed carbon capture and storage project will be held by the Iowa Utilities Board. At the meeting, additional details of the proposed project and information regarding the legal rights of affected landowners will be presented. Time will also be given to address questions from attendees. Details of the public informational meeting are as follows:

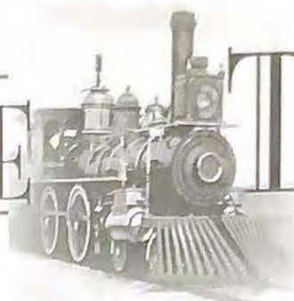

- When: September 22, 2021 at 6:00 pm
- Where: Cherokee Community Center 530 W Bluff Street in Cherokee, IA 51012

Summit Carbon Solutions will be seeking permanent easements for its pipeline, as well as easements for temporary construction workspace and access easements. Below is a map showing the proposed route in which potentially affected properties are located. The final alignment of the pipeline will be selected after negotiations with landowners are complete. Please join the informational meeting for additional details regarding the purpose, timing and routing of the proposed project. You have the right to be present at this informational meeting and to file objections with the Iowa Utilities Board if you so choose. Under Iowa law, Summit Carbon Solutions cannot negotiate with landowners before the public informational meeting.

If you are unable to attend this informational meeting, you may also attend one of the other meetings scheduled to take place in September and October. Obituaries

Brenda Miller

A funeral Mass for Brenda Miller, 79, of Whittemore was held Monday, August 30th, 2021 at 10:30 AM at Divine Mercy Parish ~ St. Cecelia Catholic Church in Algona with Father John Thomas and Deacon William Black officiating. Burial was in Calvary Cemetery.

She always had time for conversation around the kitchen table with family and friends with a cup of coffee. Weather permitting, she was seen sitting outside on the patio, working her crossword puzzles or in a golf cart checking crops and her kingdom.

Brenda Joan (Thilges) Miller was born June 27th, 1942, to Oswald and Evelyn (Dole) Thilges in Algona. Brenda was the eldest of five children which included Maureen, Garry, Constance and Brian. She attended St. Cecelia Grade School in Algona and was part of the initial graduating class of what was then known as Algona Garrigan High School.

Brenda was one of the first recipients of the The Betty Crocker Search for the All-American Homemaker of Tomorrow Award. It was a one-of-a-kind scholarship program that ran from 1955 to 1977. When it began, organizers said the purpose of the program was "to focus national attention on the so-called 'forgotten career' of homemaking, and on the untiring job being done by America's high schools to develop citizens and homemakers of the future."

She met the eventual love-of-her-life, Dennis Gene Miller of West Bend after graduating. They married in 1962, and of this union came Jay, Keith, Kathy, and Joanie. They farmed west of West Bend until 1969, when they moved to an acreage north of Whittemore to continue farming, trucking, and a variety of other jobs.

Brenda wore many 'hats'...the greatest of being mom. She farmed with Dennis, drove combine during harvest, truck during "Pioneer" season, small town journalist for the Whittemore newspapers and bookkeeper for Dennis G. Miller Trucking. She was a statistician for her kids' little league teams, an avid Minnesota Twins fan and passionate reader, including Louis L'Amour, Nora Roberts, LaVyrle Spencer and most recently Cathy Lamb. Her favorite actor, like Dennis, was John Wayne. There is a corner of their home devoted to the Duke.

She enjoyed to great extent

roads with them. She always had time for conversation around the kitchen table with family and friends with a cup of coffee. Weather permitting, she was seen sitting outside on the patio, working her crossword puzzles or in a golf cart checking crops and her kingdom.

Brenda is survived by her children: Jay (Robin) Miller of Storm Lake, Keith (Judy) Miller of Sioux City, Kathy Cornwall (Mike) of Estherville, Joanie Leerar (Jason) of Algona. Siblings Maureen Baker (Chuck) of Spencer, Constance Entner of Mason City and Brian Thilges (Maureen) of Cleveland, MN; brother-in-law, Butch Miller of Arnolds Park; sisters-in-law Joyce (Bart) Derrick of Reston, VA, JoElla (Ed) Miller, Algona and Peggy (Merle) Boomgardner, of Algona; her grandchildren, Tara Kosky (Andy) of Storm Lake, TJ Miller (Lexi) of Sioux Falls, SD; Ashley Reuter (Nick) of Des Moines, Courtney Dirks (AJ) of Grimes, Rachel Miller (Kiko Prada) of Switzerland, Spenser Miller (Haley Johnson) of Sioux City, Keaton Miller (Joanna Frazier) of Sioux City, Hayden Cornwall and Addy Cornwall of Estherville, and Jacob Leerar, Nick Leerar, Nathan Leerar and Christopher Leerar all of Algona. She is also survived by 11 great grandchildren in addition to many Thilges and Miller nieces and nephews.

She is preceded in death by her husband Dennis; her parents Oswald and Evelyn Thilges; in-laws Wayne and Hazel Miller; Garry Thilges (brother); Jackie Miller (in-law) Herb and Phyllis Miller (in-laws); Lannie and Charlene Miller (in-laws) Bud Miller (in-law), Rich Miller (in-law), a nephew Ryan Miller & niece Lisa Derrick.

Oakcrest Funeral Services of Algona in charge of arrangements. Online condolences may be left to www.oakcrestfuneralservices.com.

Phyllis A. Harms

Visitation for Phyllis A. Harms, 84, of Estherville, will be held from 9-11 a.m., Saturday, Sept. 4, 2021, at the Henry Olson Funeral Chapel in Estherville. Interment will be held at a later date at Riverview Cemetery, Chamberlain, S.D.

Phyllis Allene Harms, daughter of Harold and Bernice (Peterson) Bode, was born on June 11, 1937 in Chamberlain, South Dakota. She passed away at Avera Holy Family Hospital in Estherville, Iowa on August 31, 2021.

Phyllis attended and graduated from Chamberlain High School and then attended Nurses' Training School in Sioux City, Iowa, for three years. She was united in marriage to Dwayne Harms in 1958 in Chamberlain. The couple had three daughters Pamela, Susan, and Carolyn. Phyllis enjoyed a long career as a registered nurse, serving nursing home patients in Chamberlain before moving to Iowa; where she was employed at the North Shore Nursing Home

Spencer. She later moved to Estherville, where she retired from Holy Family Hospital in 2002.

Phyllis was a member of Immanuel Lutheran Church in Estherville, where she was an active member of the Ladies Guild. She supported her community as a member of WaTanYe. Reading, sewing, and flower gardening filled Phyllis' time when she wasn't working or spending time with her family.

She is survived by her daughters: Pamela (Robbie) Peterson of Rochester, NY, Susan (John) Pytleski of Estherville, IA, and Carolyn (Derek) Wibe of Cedar Rapids, IA; six grandchildren: Ian Barnard, Erin Barnard, Allison Barnard, Tom (Sile) McDermott, Lauren Wibe, and Dean Wibe; two twin great-granddaughters, Reina and Aya; and her brother Wes (Marilyn) Bode of Perry, IA.

Phyllis is preceded in death by her parents. Online condolences may be left for Phyllis's family at HenryOlsonFuneral.com

Horsin' Around 4-H Club meets

The regular meeting of the Horsin' Around 4-H Club was held at Immanuel Lutheran Church in Estherville on Wednesday, August 25, 2021. The minutes from the previous meeting were read and approved. The roll call was answered by the following members: Kendall, Liz, Caleb, Kate, Gavin, Hallie, Madi, and Megan.

For old business we talked about feedback from the 2021 Emmet County Fair.

For new business we talked about record books and what paperwork we need to fill out for those. We also talked about making sure that we are all writing Thank-you's to the 4-H sponsors, who gave us money, and awards from the fair. The meeting was adjourned, and the members then got treated with ice cream cones, for back to school.

IOWA LAKES RECEIVES FEDERAL FUNDING FOR TALENT SEARCH PROGRAM

EMMETSBURG — Iowa Lakes Community College will receive a renewal grant from the U.S. Department of Education to fund the Talent Search program for five more years. The award, contingent on annual congressional appropriations, is expected to total more than \$1.9 million.

The nationwide Talent Search program, part of the U.S. Department of Education, identifies and assists eligible students who have the potential to succeed in higher education.

The Talent Search program offers free services including monthly in-school advising sessions, educational workshops, summer STEM camps, cultural enrichment opportunities, campus visits to area colleges and universities, and access to a 24/7 online tutoring platform.

"Talent Search is designed to help students navigate the path towards high school graduation and college enrollment. These funds allow us to continue making an impact with the students in the schools we serve,"

explained Trudy Ahrens, TRIO Director at Iowa Lakes.

The Talent Search program at Iowa Lakes is funded to serve 700 students in grades 6 through 12. The program will work with eligible students from the following schools: Algona Public, Bishop Garrigan, Emmetsburg Catholic, Emmetsburg Public, Estherville-Lincoln Central, North Union, Graettinger-Terril, Ruthven-Ayrshire, Okoboji, Sacred Heart-Spencer, Spencer, Spirit Lake, and West Bend-Mallard.

Talent Search is one of eight Federal TRIO programs that provide educational services to eligible individuals. Iowa Lakes also administers two other TRIO programs: Upward Bound and Student Support Services.

The Talent Search team at Iowa Lakes is committed to helping students succeed. If interested in learning more or joining Talent Search, please apply at iowalakes.edu/trio/trio-talent-search.

Graettinger to host 125th annual Labor Day Celebration on Saturday

The 125th Annual Graettinger Labor Day Celebration kicks off its three-day weekend of events this Saturday.

A carnival is held all three days in downtown Graettinger, starting at 1 p.m. each day.

Sunday morning the antique tractor pull and hot rod lawn mower pull begins at 11 a.m. at the Demo Derby Site. Sunday evening features the variety show and queen contest at 7 p.m.

The event concludes Monday, but not before the 1:45 p.m. parade from the school around the downtown carnival and two the football field

The event is billed annually as the oldest Labor Day Celebration in Iowa. For a complete schedule, visit the Graettinger Labor Day Facebook page.

Approved Minutes Emmet County Board of Supervisor Minutes August 24, 2021 at 9:00 a.m.

Regular Meeting Board Room, Courthouse Present: Jeff Quastad, Chair Tim Schumacher, Vice-Chair John Pluth Todd Glasnapp Lisa K. Hansen

Absent: Meeting ID: 856 9718 0260 Passcode: 011743 One tap mobile +13126266799, 86834280974#... *521659 # US (Chicago) +16465588656, 86834280974#... *521659 # US (New York)

Quastad, Chair called the meeting to order. All in attendance recited the Pledge of Allegiance. Motion by Schumacher, second by Glasnapp to approve the minutes from last week's meeting, also approving them for publication. All ayes, motion carried.

During public forum, the Board discussed the drainage project in DD163 and DD52. It is the consensus of the Board that DD52 will pay 42% and DD163 will pay 58% of the project. Revenues from the private land owners will also be returned to the fund with those percentages. At 9:10 a.m. the Emmet County Board of Supervisors joined a joint teleconference with Palo Alto and Kossuth Counties to set a public hearing date and bid letting date on a project in Drainage District Tri 84/EKPA 1.

Kossuth Board members on the phone call were: Galen Casey, Kyle Stecker, Jack Plathe, and Donnie Loss. Kossuth County Auditor Tammy Eden and Kossuth County Drainage Clerk, Marg Mergen were also on the call. Palo Alto Board members on the phone call were: Keith Wirtz, Craig Merrill, Roger Faustick, Ronald Graettinger and Linus Solberg. Palo Alto County Auditor Carmen Moser along with the Palo Alto County Attorney were also on the call. Kent Brody from Bolten & Menk over-viewed the project that would repair FEMA damage from a storm event in 2018.

Motion by Stecker, second by Solberg to set the Public Hearing date for October 5, 2021 at 10:00 a.m. at the Kossuth County Election Building. All ayes, motion carried.

Motion by Stecker, second by Wirtz to set the Bid Letting at 10:05 a.m. at the Kossuth County Election Building. All ayes, motion carried. The Emmet County Board of Supervisors

will attend the Public Hearing and Bid Letting in person and not have a regular Board meeting that day.

Emmet County Assessor, Barb Bohm joined the meeting to present two quotes for an Office Door for the Assessor's office. The quotes are as follows: Doors, Inc. Just the Door and Framework \$11,709 Heartland Paint Glass & Locksmithing Does not include Labor for Electrician to run wiring for lockset \$10,868.30 The Heartland estimate includes the door, hardware, lock set, modifications to counter, storefront framing and glass.

Motion by Schumacher, second by Hansen to approve the Heartland Paint estimate. All ayes, motion carried.

Bohm reported that she had her appeal with the Iowa Department of Revenue and that she felt it went well. No decision has been made on the appeal at this time. Emmet County Engineer, Walter Davis-Oeth did not attend the meeting and had no regular business to request decisions on.

The Board continued Public Forum and Schumacher reported that he had attended a Workforce Development meeting and that our Region is ahead of other Regions with compliance. Schumacher also reported that the RIDES building in Spirit Lake is going up.

Emmet County Conservation Director Eric Anderson and Naturalist Ashley Reed joined the meeting to discuss the Nature Center Building Loan with Northwest Bank and request L.O.S.S.T. funds for the Nature Center Building. Also joining the meeting were Conservation Board members, Kim Swanson, Phyllis McKean and Curt Larson.

Conservation is requesting a \$227,000 line of credit with Northwest Bank. Emmet County owns the property but the Nature Center Foundation will be the borrower. Motion by Pluth, second by Hansen to authorize Eric Anderson and Jeff Quastad to sign the line of credit/mortgage with Northwest Bank. All ayes, motion carried.

The Building will be complete hopefully the first part of December. Anderson also requested \$50,000 in L.O.S.S.T. funds for the Construction project. Motion by Pluth, second by Schumacher to approve the request. All ayes, motion carried.

Emmet County Auditor shared a letter from the NW Iowa Regional Housing Trust Fund requesting matching funds letters from the Board of Supervisors. NW Iowa Regional Housing Trust Fund has calculated two funding schematics based

Government offices closed for Labor Day

The Estherville City Offices, Public Library and the ECCOG Transfer Station will be closed on Monday, Sept. 6, in observance of Labor Day.

The first city council meeting of the month will be held on Tuesday, Sept. 7 at 5 p.m. in the council chambers.

The public library and ECCOG Transfer Station will be closed on Saturday, Sept. 4 also.

There will be no city garbage or residential recycling collection on Monday, Sept. 6. Monday's garbage and recycling will be picked up Tuesday, Sept. 7 along with Tuesday's regularly scheduled route. Residents are reminded to put out the green metered bags and recycling barrels Monday night due to the double route on Tuesday.

The Emmet County Courthouse also will be closed on Monday, Sept. 6, 2021, to observe Labor Day.

upon two proposals. The NW IA Board meets on September 8, 2021 to decide on which proposal they will go with. Auditor Sathoff shared with the Board that FY2022 was budgeted at \$5,800 and that each year this amount varies. One letter contains a pledge of \$4,391 and the other \$3,467.

Motion by Schumacher, second by Glasnapp to sign the matching funds letter and have Auditor Sathoff forward them to NW Iowa Regional Housing Trust Fund. All ayes, motion carried.

Emmet County Auditor reported that she has attended two Iowa State Association of Counties (ISAC) American Rescue Plan (ARP) Working Group meetings and that our local county working group met last week. Sathoff shared that ISAC is working on proposals from financial companies on getting the Revenue Loss Calculator from NACo (National Association of Counties) more Iowa Specific. NACo will be hosting a series of virtual meetings on the ARP.

Sathoff reported that the final interim rule on the ARP from the U.S. Treasury should come out mid-September. Sathoff shared that this Wednesday at the ISAC Annual Conference will be geared toward more information on the ARP funds.

Clay County is changing the structure of their local working group to include not only Department Heads but also Supervisors to make sure all parties are on the same page. They are doing this much like budget work sessions we currently do in Emmet County.

One thing for sure is that if we cannot utilize the Revenue Loss Calculator in Emmet County, the funds spent will need to be somehow to COVID19 mitigation and response.

Emmet County Attorney, Melanie Summers Bauler joined the meeting to present an estimate on Air Conditioning in the Attorney's office. The Board requested that Summers Bauler obtain a second quote and come back to Board.

The Board reviewed the following Manure Management Plans: Owner Facility Facility ID# Richard Howard R&K Swine Corp #58170 Roger Tirevold Roger Tirevold Site 1 #61252 Roger Tirevold Roger Tirevold Site 2 #59016

Motion by Pluth, second by Hansen to adjourn the meeting at 10:35 a.m. All ayes, motion carried.

Amy M. Sathoff Auditor Jeff Quastad Chair

Legal Notice

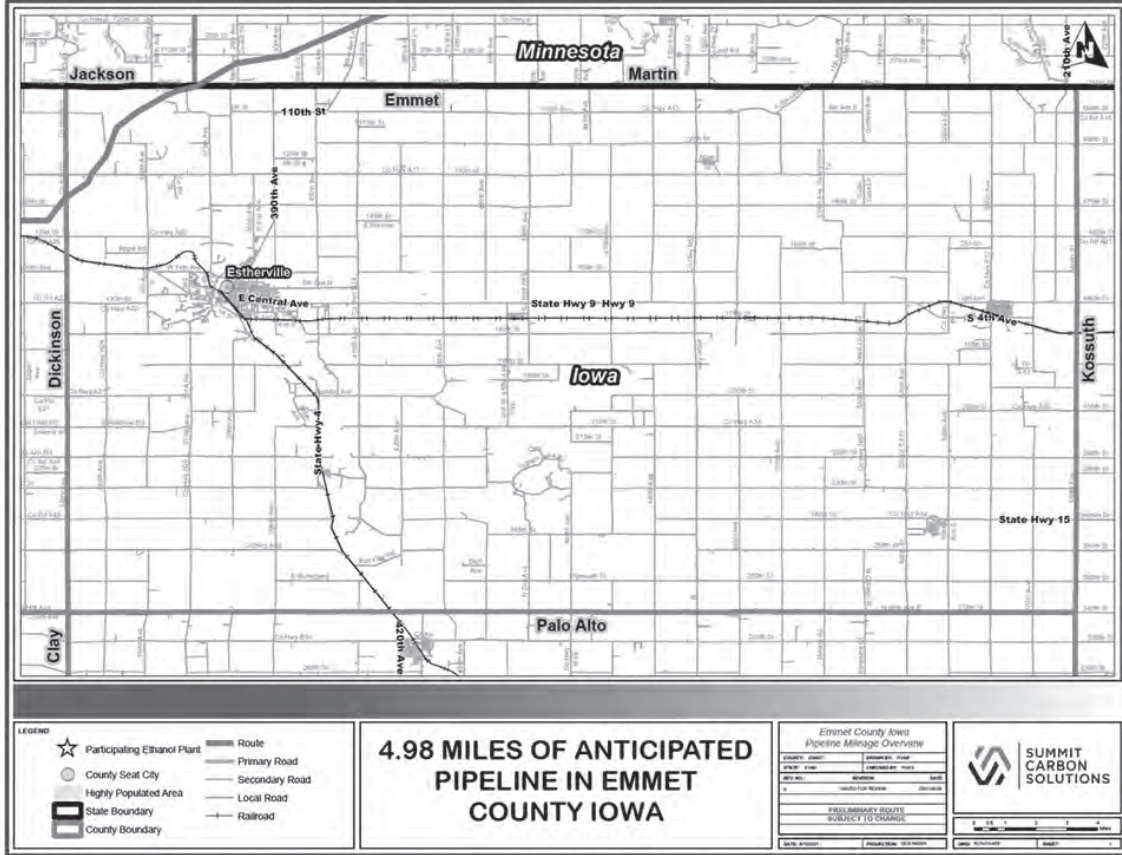

NOTICE OF PUBLIC INFORMATIONAL MEETING

This is to notify you that Summit Carbon Solutions with a principal place of business of 1805 Collaboration Place Suite 1200, Ames, IA 50010, is proposing to build a new carbon capture and storage project in Emmet County, Iowa. The proposed project, Midwest Carbon Express, will capture carbon dioxide (CO2) emissions that otherwise would be emitted into the atmosphere from ethanol plants, compress the captured emissions, and transport it through a pipeline to North Dakota where it will be permanently and safely stored underground in deep geologic storage locations. In addition to Emmet County, the proposed project will be located in 29 other Iowa counties plus communities in Minnesota, Nebraska, South Dakota and North Dakota and will be capable of capturing and safely storing up to 12 million tons of CO2 emissions every year.

A public informational meeting regarding Summit Carbon Solutions' proposed carbon capture and storage project will be held by the Iowa Utilities Board. At the meeting, additional details of the proposed project and information regarding the legal rights of affected landowners will be presented. Time will also be given to address questions from attendees. Details of the public informational meeting are as follows:

■ When: September 23, 2021 at 5:30 pm ■ Where: Regional Wellness Center 415 S 18th Street in Estherville, IA 51334

Summit Carbon Solutions will be seeking permanent easements for its pipeline, as well as easements for temporary construction workspace and access easements. Below is a map showing the proposed route in which potentially affected properties are located. The final alignment of the pipeline will be selected after negotiations with landowners are complete. Please join the informational meeting for additional details

regarding the purpose, timing and routing of the proposed project. You have the right to be present at this informational meeting and to file objections with the Iowa Utilities Board if you so choose. Under Iowa law, Summit Carbon Solutions cannot negotiate with landowners before the public informational meeting. If you are unable to attend this informational meeting, you may also attend one of the other meetings scheduled to take place in

September and October. A full list of meetings can be found online at www.SummitCarbonSolutions.com. Persons with disabilities requiring assistive services or devices to observe or participate should contact the Iowa Utilities Board at (515) 725-7300 in advance of the scheduled date to request that appropriate arrangements be made. Additionally, the Iowa Utilities Board will host a virtual meeting allowing individuals to attend and participate remotely. The

virtual meeting will take place at 5:30 pm on October 12, 2021. Information for registering and attending the webinar will be available on the Iowa Utilities Board website, iub.iowa.gov, on the Hearing and Meeting Calendar webpage. If you would like to learn more about Summit Carbon Solutions' proposed carbon capture and storage project, please visit our website at www.SummitCarbonSolutions.com or email us at InfoLA@summitcarbon.com.

September 23, 2021

JEFFERSON HERALD LEGALS

to request a hearing to have Brian Mount removed from Council. Kirk spoke in regards to having the sign out front of city hall repaired; have a repairman come look at it. Krieger, Wilson and Mount all voted aye to approve Resolution 2021-0913-01 Confirm Appointment of Michelle Hillman to the Council; mc. Krieger, Wilson, Mount and Hillman all voted aye on Resolution 2021-0913-02 Notice to Fill Council Vacancy by Appointment; mc. The Notice to Fill the Council Vacancy by Appointment was posted publicly on August 10th, 2021 on Facebook, at City Hall, at the post office and published in the Jefferson Herald to fill the vacant council. The council voted on filling the seat left vacant by Lori Kennedy; there were two (2) votes for Lora Lyons; one (1) for Mikki Winebrenner and one (1) for Paula Hoskinson. Krieger, Wilson, Mount and Hillman all voted aye on Resolution 2021-0913-03 Transfer Funds from Sewer Fund to Street Fund (Interfund Loan); mc. Krieger, Wilson, Mount and Hillman all voted aye on the increase in the Dayton Farm Drainage bid of \$9,050.80; mc. Krieger, Wilson, Mount and Hillman all voted aye on the increase in the Stalbit bid of \$2,829.88; mc. Kenny Gustin talked to the council about his concerns regarding the white rock in his driveway. Rick will work with him, Jerry is not happy about seeding at this time. Julie Robison presented the Summary of ISU Community and Regional Planning Studio, a copy can be obtained at City Hall. The planning for the ISU Planning Studio was funded by Horizons and went over the old school site; also, they are looking at what is affordable for homes based on survey that has been done. Julie went over the finance part as well, page 73 of the report were ideas for funding. The Fire Chief, Bret Kersey, formally accepted the ICAF Grant of \$1,000 which was used for new helmets. The first payment of the ARPA grant was received, two more payments will be coming at a later date according to federal guidelines. Information was included in the council packet and the mayor discussed the limitations of how the grant could be used. Mount postponed the Rental Property Inspections Committee report until next month. Krieger, Wilson, Mount and Hillman all voted aye on approving having a 28E Agreement with the city of Dana for fire department services; mc. Krieger, Wilson, Mount and Hillman all voted aye on Resolution 2021-0913-04 Approving 28E Agreement with City of Dana for Fire Protection; mc. Kate Neese addressed the council and the citizens on the importance of voting for the casino in the upcoming November election. Yard signs are available for anyone who wants them. Terry Hoefle addressed the council regarding a DNR grant for trees (the same one the city clerk presented at the August 9th, 2021 council meeting and it was voted down due to matching donation); Terry would like the council to look at the Trees

Forever Grant for planting slow growing, hardy trees. Hillman had lots of questions regarding the trees and who would like to work with Terry to check drain tiles, sewer drains, Rick to help with that. The mayor said it was ok to start work on the sidewalk in front of Kelly Beaman's and The Lincoln Building. Bret said they are starting next week to get that fixed. Diane Kaler, the Librarian, discussed the new picnic table the library paid for with a grant and she would like it safe so that someone can't just walk away with it. Bret will check on getting a bid from City Boys Concrete and Krieger, Wilson, Mount and Hillman all voted aye to approve the work to be done by City Boys Concrete if they could come in at the \$1,600 bid the library currently had from a different concrete company; mc. The council agreed to table the 5-Yr Maintenance Agreement between the DOT and the City, Jon Law to look into the legal portion of not signing the agreement before a decision is made. Hillman complained about pot holes after they put pea gravel down, a waste of money. Hillman wanted to know how often the storm sewers are cleaned out. She is concerned about standing water on the main highways. Bret went over what he has been doing on the storm sewer clean-up. Hillman would like cones up in front of the 'old globe office' so no one gets hurt and the city doesn't get sued. Bret will get it done. Hillman asked for an itinerary for Bret and Rick each week, she would like something in writing every day for what they plan on getting done. LMD bought building in Jefferson, she was wondering if anyone had talked to him as she is not happy that Grand Junction is losing LDM and he sold the building. Hillman asked if anyone knew what Doug Moranville was going to do with the house that burned down, Rick said it was Doug's business and he doesn't want to talk about it. Pam Winebrenner wants to know why the vote count wasn't specified in the meeting minutes of August 9, 2021. She asked the city attorney if the vote was legal, he told her it was legal as there is a Resolution showing the votes. Brian Pritchard, Amber Richards and Elizabeth Clayton all expressed interest in purchasing parcel #1204179007 from the city. Since there are multiple interested parties, a sealed bid option would probably be best. Beth Mount complained that the sidewalk in front of the Coffee Corner is cracked and should be repaired at no cost to them. Rick to look into this. A question was presented as to why the pool did not have a year-end party and Beth Mount stated she wanted a party, but Krieger was out of town. Hillman stated she would like to see more kids at the pool. There will be a new park & rec board member. Hillman stated we should let all kids swim free since there aren't that many that go to the pool. Bret stated he is still trying to get hold of a contractor for mowing and he is working with the light plant on low-hang-

ing trees. Rick gave the compliance report and said that he and Jerry have been talking to the owners of the old grocery store and they have a contractor to clean it up and Rick has contacted August Enterprises to inspect the building before they can continue to clean it up. Rick went over the campers at Lora Olerich's place and it will be discussed further at the next meeting. Rick is working on more grants for lights. Beth Mount asked how often you can hire a city/county attorney. Jerry said he had no idea, but not many attorneys want the job. Motion Wilson, second Krieger to adjourn, all ayes; mc. Meeting adjourned at 8 pm. Gerold Herrick, Mayor
Katrina Butler, City Clerk

September 23, 2021

AUDITOR'S OFFICE
JEFFERSON, IOWA

September 20, 2021 Greene County Board of Supervisors met at 8:30 a.m. in the courthouse boardroom with all supervisors present: Bardole, Burkett, Conter, Muir, Rudolph (arrived after agenda and minutes approved). Motion by Conter, second by Bardole to approve the agenda. Motion carried unanimously. Motion by Burkett, second by Conter to approve the minutes of September 13, 2021. Motion carried unanimously. Chuck Wenthold reported that interviews for the project coordinator position for Beaver Creek Watershed have been conducted, with plans to name an individual soon. Sgt. Shane Allen, present on behalf of Sheriff Jack Williams, requested postponement (tabling) of action on the elevator service agreement included on today's agenda. County attorney Thomas Laehn recommended the elevator service agreement, in addition to consideration of a contract with Realwood Productions, be tabled until the next meeting. Both await some proposed changes prior to consideration.

Supervisor Pete Bardole gave a report of attending a GCDC executive board meeting, noting the organization's annual meeting is scheduled for September 29th at the Wild Rose Casino. Supervisor Dawn Rudolph reported attending the weekly meeting for Grow Greene. Motion by Bardole, second by Rudolph to approve Clinical Engineering Agreement between Iowa Health System Contracting Services L.C. d/b/a Unity Point Health Consolidated Services and Greene County Ambulance. Motion carried unanimously. The agreement relates to testing/servicing medical electronic equipment. Motion by Burkett, second by Conter to approve paying National Elevator Inspection Services \$225 for annual elevator inspections. Motion carried unanimously. Chair Muir adjourned the meeting at 8:55 a.m.

PUBLIC NOTICE

NOTICE OF PUBLIC
INFORMATIONAL MEETING

This is to notify you that Summit Carbon Solutions with a principal place of business of 1805 Collaboration Place Suite 1200, Ames, IA 50010, is proposing to build a new carbon capture and storage project in Greene County, Iowa. The proposed project, Midwest Carbon Express, will capture carbon dioxide (CO₂) emissions that otherwise would be emitted into the atmosphere from ethanol plants including the Louis Dreyfus Company facility in Grand Junction, compress the captured emissions, and transport it through a pipeline to North Dakota where it will be permanently and safely stored underground in deep geologic storage locations. In addition to Greene County, the proposed project will be located in 29 other Iowa counties plus communities in Minnesota, Nebraska, South Dakota and North Dakota and will be capable of capturing and safely storing up to 12 million tons of CO₂ emissions every year.

A public informational meeting regarding Summit Carbon Solutions' proposed carbon capture and storage project will

be held by the Iowa Utilities Board. At the meeting, additional details of the proposed project and information regarding the legal rights of affected landowners will be presented. Time will also be given to address questions from attendees. Details of the public informational meeting are as follows:

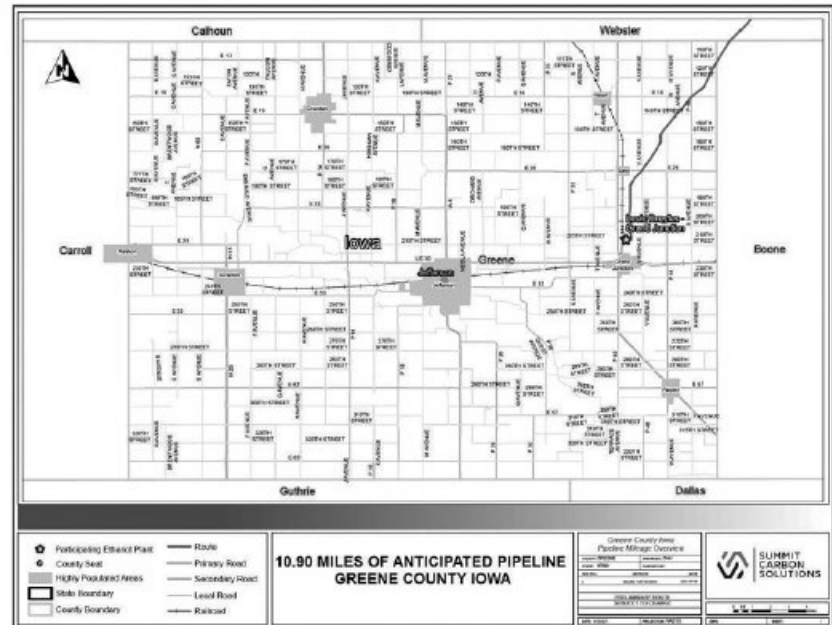

- When: October 4, 2021 at 5:00 pm
- Where: Jefferson High School 1901 N Grinnell Road in Jefferson, IA 50129

Summit Carbon Solutions will be seeking permanent easements for its pipeline, as well as easements for temporary construction workspace and access easements. Below is a map showing the proposed route in which potentially affected properties are located. The final alignment of the pipeline will be selected after negotiations with landowners are complete. Please join the informational meeting for additional details regarding the purpose, timing and routing of the proposed project. You have the right to be present at this informational meeting and to file objections with the Iowa Utilities Board if you so choose. Under Iowa law, Summit Carbon Solutions cannot negotiate with landowners before the

public informational meeting.

If you are unable to attend this informational meeting, you may also attend one of the other meetings scheduled to take place in September and October. A full list of meetings can be found online at www.SummitCarbonSolutions.com. Persons with disabilities requiring assistive services or devices to observe or participate should contact the Iowa Utilities Board at (515) 725-7300 in advance of the scheduled date to request that appropriate arrangements be made. Additionally, the Iowa Utilities Board will host a virtual meeting allowing individuals to attend and participate remotely. The virtual meeting will take place at 5:30 pm on October 12, 2021. Information for registering and attending the webinar will be available on the Iowa Utilities Board website, iub.iowa.gov, on the Hearing and Meeting Calendar webpage. If you would like to learn more about Summit Carbon Solutions proposed carbon capture and storage project, please visit our website at www.SummitCarbonSolutions.com or email us at InfoIA@SummitCarbon.com.

People's Choice 1st place winner, Spitfire, won \$1,000. Brad Nelson (in yellow shirt), of Norelius & Nelson sponsors the People's Choice Award. Their sample numbers were 55 and 56.

People's Choice 2nd place winner, Smoke Doctor. The sample number was 53.

People's Choice 3rd place winner, Parrothead Smokers. Their sample numbers were 67, 68 and 69.

1st place overall, Hot Daddys BBQ, pictured with Shani Bonner and Evan Blakley with the Chamber & Development Council of Crawford County (at both ends).

2nd place overall, Spitfire.

Metro Award winner Smokehouse 72, of Des Moines.

Lucas Deiber (center) with Smokin' B's, won the Celebrate Real Pork Series contest. The contest is a partnership of the National Pork Board and the Kansas City Barbeque Society. Brian Lundell (left in blue shirt), of rural Kiron, and Ty Rosburg (right in blue shirt), of Charter Oak, represented the Iowa Pork Producers Association at the contest and the awards ceremony in Denison.

OLD POWER PLANT, from Page 1

and the policy does not allow us to use those funds. We could possibly look at that program and see if we can change any of it at all and still comply with Iowa law.”

At the DMU's August meeting, the board gave its consensus to proceed with

discussions with the interested party and to consider a sum of \$200,000 from the surplus to assist with the project.

Weis pointed out that if formally approved, the \$200,000 wouldn't just be given up front but the agreement with the interested party would set steps or benchmarks that must be achieved.

The \$200,000 amount, incidentally,

is at the lower end of an estimate DMU had received to demolish the old power plant building. The actual range was \$200,000-\$300,000, although Weis added that a thought was some of the numbers may be a little bit inflated.

“We're comfortable with the \$200,000 amount we talked about,” said Weis.

“To me it appears like an opportuni-

ty,” he added. “This interested party has a lot of plans. If all the stars line up and everything works, it would be a great opportunity for us, instead of tearing the building down, we gain a customer and the city has it back on the tax base.”

He added the financial incentive would be a cost savings to DMU compared to the demolition cost.

NOTICE OF PUBLIC INFORMATIONAL MEETING

This is to notify you that Summit Carbon Solutions with a principal place of business of 1805 Collaboration Place Suite 1200, Ames, IA 50010, is proposing to build a new carbon capture and storage project in Crawford County, Iowa. - Where: The Waterfalls 907 Hartford Avenue in Farragut, IA 51639

Summit Carbon Solutions will be seeking permanent easements for its pipeline, as well as easements for temporary construction workspace and access easements. Below is a map showing the proposed route in which potentially affected properties are located. The final alignment of the pipeline will be selected after negotiations with landowners are complete. Please join the informational meeting for additional details regarding the purpose, timing and routing of the proposed project. You have the right to be present at this informational meeting and to file objections with the Iowa Utilities Board if you so choose. Under Iowa law, Summit Carbon Solutions cannot negotiate with landowners before the public informational meeting.

If you are unable to attend this informational meeting, you may also attend one of the other meetings scheduled to take place in September and October. A full list of meetings can be found online at www.SummitCarbonSolutions.com. Persons with disabilities requiring assistive services or devices to observe or participate should contact the Iowa Utilities Board at (515) 725-7300 in advance of the scheduled date to request that appropriate arrangements be made. Additionally, the Iowa Utilities Board will host a virtual meeting allowing individuals to attend and participate remotely. The virtual meeting will take place at 5:30 pm on October 12, 2021. Information for registering and attending the webinar will be available on the Iowa Utilities Board website, iub.iowa.gov, on the Hearing and Meeting Calendar webpage. If you would like to learn more about Summit Carbon Solutions' proposed carbon capture and storage project, please visit our website at www.SummitCarbonSolutions.com or email us at InfoIA@summitcarbon.com.

NOTICE OF PUBLIC INFORMATIONAL MEETING

The Iowa Utilities Board is to notify you that Summit Carbon Solutions with a proposed place of business at 1805 E. College Blvd., Suite 1200, Ames, IA 50010, is proposing to build a new carbon capture and storage project in Wright County, Iowa. The proposed project, Midwest Carbon Express, will capture carbon dioxide (CO2) emissions that otherwise would be emitted into the atmosphere from ethanol plants including the Cdm LP facility in Goldfield, and transport it through a pipeline to North Dakota where it will be permanently and safely stored underground in deep geologic storage locations. In addition to Wright County, the proposed project will be located in 29 other Iowa counties plus communities in Minnesota, Nebraska, South Dakota and North Dakota and will be capable of capturing and storing up to 1.2 million tons of CO2 emissions every year.

A public informational meeting regarding Summit Carbon Solutions proposed carbon capture and storage project will be held

PUBLIC NOTICE
Notice of Public Informational Meeting

by the Iowa Utilities Board. At the meeting, additional details of the proposed project and information regarding the legal rights of affected landowners will be presented. Time will also be given to address questions from attendees. Details of the public informational meeting are as follows:

- When: October 13, 2021 at 12:00 pm
- Where: Heartland Museum 118 SW 9th Street in Clarion, IA 50525

Summit Carbon Solutions will be seeking permanent easements for its pipeline, as well as easements for temporary construction workspace and access easements. Below is a map showing the proposed route in Wright County. The final alignment of the pipeline will be selected after negotiations with landowners are complete. Please join the informational meeting for additional details regarding the proposed project. You have the right to be present at this informational meeting and to file objections with the Iowa Utilities Board if you so choose. Under Iowa law, Summit Carbon Solutions cannot negotiate with landowners before the public

NOTICE OF PUBLIC INFORMATIONAL MEETING

This is to notify you that Summit Carbon Solutions with a principal place of business of 1805 Collaboration Place Suite 1200, Ames, IA 50010, is proposing to build a new carbon capture and storage project in Page County, Iowa. The proposed project, Midwest Carbon Express, will capture carbon dioxide (CO2) emissions that otherwise would be emitted into the atmosphere from ethanol plants including Green Plains Inc. in Shenandoah, compress the captured emissions, and transport them through a pipeline to North Dakota where they will be permanently and safely stored underground in deep geologic storage locations. In addition to Page County, the proposed project will be located in 29 other Iowa counties plus communities in Minnesota, Nebraska, South Dakota and North Dakota and will be capable of capturing and safely storing up to 12 million tons of CO2 emissions every year.

Two public informational meetings regarding Summit Carbon Solutions' proposed carbon capture and storage project will be held in Page County by the Iowa Utilities Board. At the meetings, additional details of the proposed project and information regarding the legal rights of affected landowners will be presented. Time will also be given to address questions from attendees. Details of the public informational meetings are as follows:

Meeting #1

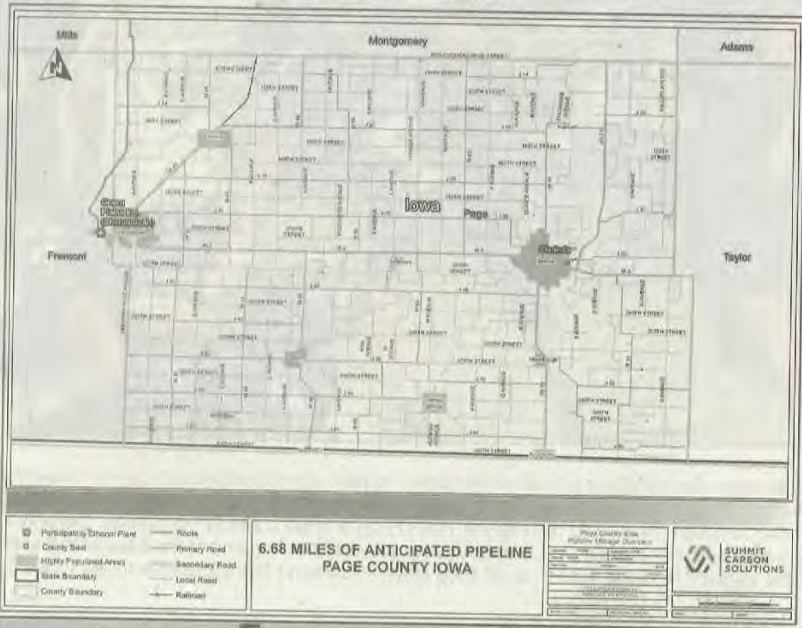

When: October 14, 2021 at 12:00 pm
Where: Shenandoah Public Library
201 South Elm Street, Shenandoah, IA 51601

Meeting #2

October 22, 2021 at 12:00 pm
Shenandoah Public Library
201 South Elm Street, Shenandoah, IA 51601

Summit Carbon Solutions will be seeking permanent easements for its pipeline, as well as easements for temporary construction workspace and access easements. Below is a map showing the proposed route in which potentially affected properties are located. The final alignment of the pipeline will be selected after negotiations with landowners are complete. Please join the informational meeting for additional details regarding the purpose, timing and routing of the proposed project. You have the right to be present at this informational meeting and to file objections with the Iowa Utilities Board if you so choose. Under Iowa law, Summit Carbon Solutions cannot negotiate with landowners before the public informational meeting.

Persons with disabilities requiring assistive services or devices to observe or participate should contact the Iowa Utilities Board at (515) 725-7300 in advance of the scheduled date to request that appropriate arrangements be made.
